

SOP #: 402.01

Title: SOP - Receiving and Placement of Animals

Approvals:

Attending Veterinarian  **Date:** 10/11/12

Assistant Director LAR  **Date:** 10/11/12

1. Purpose

2. The intent of this standard operating procedure (SOP) is to describe proper procedures for receiving animals that will be housed within the Animal Care Facility.

3. Responsibility

3.1 Anyone responsible for receiving animals is expected to follow the SOP

4. Definitions

4.1 ACF - Animal Care Facility

4.2 PI – Principal Investigators

4.3 Regulated animals: animals covered under the Animal Welfare Act

4.4 USDA = United States Department of Agriculture.

5. Guidelines

5.1 Animals shall be received at Florida International University in the Shipping/Receiving area of OE building by Animal Facility personnel. The Assistant Director shall be immediately notified of the receipt and general condition of the shipping containers and animals.

5.2 Take either a cart with two spray bottle containing 70% alcohol and MB10 or other approved disinfectant to the receiving area.

- 5.3 Before accepting any animals, confirm that what you are receiving is the same as to what is written in the purchase order.
- 5.4 Wipe down the outside surfaces of the corrugated/plastic rodent shippers with 70% alcohol and Quinticare x 3 prior to transporting to the quarantine room or animal holding room, depending if the vendor is approved or not.
- 5.5 A record of all animals delivered to ACF shall be kept and maintained in the Animal Facility. Colony health reports will be received with shipment or readily accessed on line to verify that the health status meets our specifications.
- 5.6 As soon as possible, animals shall be transferred to the holding rooms and placed in cage units.
- 5.7 The animals shall be provided unrestricted access to food and water and shall be housed according to USDA or The Guide for the Care and Use of Laboratory Animals requirements.
- 5.8 For animals covered by USDA
 - 5.8.1 Prior to animal delivery, create cage cards (one per animal) before arrival, prepare animal medical records and assign an FIU number and log in the USDA Covered Species Log kept by the Assistant Director
 - 5.8.2 Upon truck arrival briefly inspect truck for:
 - 5.8.2.1 General condition
 - 5.8.2.2 Climate conditioned space (cargo area)
 - 5.8.2.3 Temperature (too cold/hot)
 - 5.8.2.4 Humidity (condensation on walls)
 - 5.8.2.5 Vermin
 - 5.8.2.6 Animal separation
 - 5.8.2.7 Protection from other animals
 - 5.8.2.8 Confirm that shipper provides APHIS form 7020 and that is completed accurately.
 - 5.8.2.9 Ensure that ALL fields are completed.
 - 5.8.2.10 Complete field #6 & #7 with FIU address and USDA license number (**58-R-0136**).
 - 5.8.2.11 Ensure vehicle license plate is annotated in field #10.

- 5.8.2.12 Request the Bill of Lading information (field #11).
- 5.8.2.13 Inspect crates for visual damage that could have hurt animals.
- 5.8.2.14 Perform an external brief visual inspection of animals, before crates are removed from truck, to assure there are no obvious signs of physical abnormalities, injuries, or contagious disease.
- 5.8.2.15 If you suspect any problem, which might lead to refusal of animals, immediately notify the Attending Veterinarian to request an assessment before unloading animals.
- 5.8.2.16 Confirm that the documentation accompanying the animals properly lists the animals' descriptions such as:
 - 5.8.2.16.1 Proper USDA tag or tattoo on each animal, if applicable (Only cats and dogs are required to have a USDA number). If a cat or dog arrives without a USDA number, notify the VS immediately.
 - 5.8.2.16.2 Sex
 - 5.8.2.16.3 Physical description
 - 5.8.2.16.4 Weight
- 5.8.2.17 Report any documentation discrepancy to the Attending Veterinarian
- 5.8.2.18 Provide the following documents to the Assistant Director after receipt of animals:
 - 5.8.2.18.1 APHIS form 7020
 - 5.8.2.18.2 Vendor's pack list information
 - 5.8.2.18.3 Animal health reports
- 5.8.2.19 Upon receipt transfer animals from shipping crates to housing cage.
 - 5.8.2.19.1 Identify animal cage with their unique FIU cage card.
 - 5.8.2.19.2 Enter in animal record the receipt of the animals.
 - 5.8.2.19.2.1 Date
 - 5.8.2.19.2.2 Animal behavior, disposition and/or appearance.
 - 5.8.2.19.2.3 Initial at the end of entry.
- 5.8.2.20 Provide animals with food and water

5.8.2.21 Assistant Director: before the end of the work day, visit each animal and assess:

5.8.2.21.1 Health status.

5.8.2.21.2 Record completion.

5.8.2.21.3 Animal identification numbers.

5.8.2.21.4 Tattoo/tag if applicable

5.8.2.21.5 General appearance/condition.

5.8.2.21.6 Record your observations in animal record

5.8.2.21.7 File USDA shipping documentation.
