

**EXPORT CONTROL CERTIFICATION**

Project Id: \_\_\_\_\_ Project Name: \_\_\_\_\_  
PI Name: \_\_\_\_\_ Sponsored by: \_\_\_\_\_

The referenced Project Id has been identified by the Office of Sponsored Research Administration as involving technology, information or end users which is/are subject to U.S. Export Control Regulations, for which no exemption applies, as follows:

Project technology/information summarized as [describe technology/information at issue] \_\_\_\_\_ falls under the following: CCN # \_\_\_\_\_ USML # \_\_\_\_\_ [If N/A, so state]

The technology/information will be exported to an embargoed country or entity, namely: \_\_\_\_\_ [list embargoed countries and/or entities]

One or more foreign nationals will be involved in the project and will have access to export-controlled technology or information, specifically: \_\_\_\_\_ [List all foreign nationals who will have access to export-controlled technology or information]

As the Principal Investigator of the referenced Project Id, I understand that I am responsible for ensuring that appropriate precautions are taken so that any export-controlled technology or information is not disseminated to foreign nationals or exported to embargoed countries or entities without Florida International University first acquiring the necessary license(s) from the appropriate U.S. government agency(ies). I understand that I may be held personally responsible for violation of export control laws and regulations including the Export Administration Regulations (EAR), the International Traffic in Arms Regulations (ITAR) and the regulations promulgated by the Office of Foreign Asset Control, which may include substantial fines and imprisonment. Among the precautions that I will take to ensure that export-controlled technology and information is not improperly disseminated is that such information shall be maintained in locked cabinets or drawers and under password protected computer files, or under such other computer security measures as are appropriate. I will ensure that proper procedures are in place to limit access to laboratories and other locations where export-controlled information or technology may be located only to persons authorized to work with the export-controlled technology or information.

I hereby certify that I have read and understand this certification.
