Human Resources Update

Carlos Flores & Carolyn Jackson
NSF Inspector General Office has Performed an Audit of Subcontract / Sub-Award

Primary Recommendations from the Audit:

- Sub Award Monitoring Program
- Risk Assessment
- Risk-Based Monitoring
FIU Research Clearance Initiative - Project Status

Anticipated completion of core project deliverables by **November 30th**.
- Finish deployment across entire research community of Electronic Internal Clearance Form (eICF).
- Stop dual data entry into InfoEd.
- Finalize reporting deliverables.
  - Pre-Award reporting to come from PeopleSoft for proposals and awards after 7/1/2011. InfoEd will continue to be available for historical reporting.
  - Focus group reporting sessions will be held during month of November.

Technology Update – Commitment Data in ecrt

- Sample Commitment Report from ecrt
Division of Research

Technology Update – Topaz Implementation

- **Topaz Implementation – Project Status**
  - Completed 2nd phase of 3 phase project plan.
    - FIU Topaz environments created.
    - Configuration activities have started.
  - Implementation date is TBD. Estimated between February and May 2012.
Quality Assurance Initiative

What is Quality Assurance (QA)?
- Systematic, structured & continuous attention to quality maintenance and quality improvement.

Currently identifying Research Administration business processes for initial phase of Quality Assurance initiative.
NIH Update

- The Department of Health and Human Services (HHS) including the NIH is operating under a Continuing Resolution (CR) that was enacted on October 4, 2011. The CR continues government operations through November 18, 2011 at the FY 2011 level minus 1.5 percent.

- Until FY 2012 appropriations are enacted, NIH will issue non-competing research grant awards at a level below that indicated on the most recent Notice of Award (generally up to 90% of the previously committed level). This is consistent with the NIH’s practice during the CRs of FY 2006 - 2011.

- It is expected that upward adjustments to awarded levels will be considered after the FY 2012 appropriations are enacted.

- NIH is only allowing for 2% cost of living increases in applications being submitted.
NIH Update - Continued

- The NIH announced the publication of the revised NIH Grants Policy Statement (NIHGPS, rev. 10/1/2011) on Friday, October 21st.

- The revised NIHGPS is applicable to all NIH grants and cooperative agreements with budget periods beginning on or after October 1, 2011.

- This revision supersedes, in its entirety, the NIH Grants Policy Statement (10/2010) as a standard term and condition of award. However, the October 2010 NIHGPS continues to be the standard term and condition for all NIH grants and cooperative agreements with budget periods that began between October 1, 2010 and September 30, 2011.

- DoR will be sending a detailed memo regarding major updates or revisions via the DoR Research Listserv in the near future.

- Additional details are available at http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-003.html
Application Deadline Procedures

- The Division of Research has seen an increase in applications submitted with an 40% increase in requested amounts for the current fiscal year compared to the last fiscal year through September 30th.

- There has also been an increase in the number of applications that do not adhere to the five working day deadline that the institution has adopted.

- A reminder that the Vice President for Research has instituted revised procedures that require the internal clearance (paper or eICF), budget, budget narrative, rough draft of proposal and non technical to be received by the Division of Research five business days before the sponsor’s deadline.

- Items such as the finalized proposal, cost share form and DCEF can be submitted three business days before the deadline. (Please see figure 1).
Application Deadline Procedures - Continued

Figure 1 – New (June 1, 2011) Timeline of Required Documents Due to DoR for Grant Submissions

- DoR RESPONSIBLE
  1. F&A documentation if less than full rate.
  2. Copy of funding announcement.

- DAY 5 DEADLINE
  5. Internal Clearance Form.
  6. Non-Technical parts of proposal for Grants.gov & Fastlane (e.g., biosketches, resources page, C&P forms, etc.)

- DAY 3 DEADLINE
  7. Cost Share Form.
  8. Direct Charge Exemption Form.
  10. Subcontractor’s final budget.
Application Deadline Procedures – continued

- Center and large research team applications require three additional days to those listed on Figure 1.

- Applications that do not meet the deadlines listed on Figure 1 will not be processed unless the Dean provides a written request to the Vice President for Research delineating the reasons for missing the deadlines.

- Based on the explanation provided by the Dean, the Vice President for Research will determine whether an exemption is warranted.
Investigators on Sponsored Projects

Minimum Level of Effort Required for Designation as Principal Investigator on Sponsored Research Proposals, DOR Policy #2320.050, has been combined into DOR policy #2320.035 (previously named “Eligibility to Submit Proposal as Principal Investigator” and now renamed “Investigators on Sponsored Project Proposals”).

The policies have been combined into one policy because they are interrelated.

Key points to remember include:
- Only FIU faculty in tenure or non tenure track positions can be PIs.
- Personnel in exempt positions can be PIs only with Division of Research approval.
- Individuals employed by the University as adjunct, courtesy or visiting faculty, lecturers, research assistants, postdoctoral employees, temporary personnel or graduate students are NOT eligible to submit proposals as principal investigators.
Investigators on Sponsored Projects – Continued

- Only one principal investigator may be listed on a proposal unless the sponsor allows additional principal investigators in which case the number of principal investigators permitted by the sponsor shall be allowed.

- If multiple PIs are permitted by the sponsor then the first PI listed on the application and Internal Clearance Form will serve as the contact PI.

- The contact PI will be responsible for technical / programmatic communication between the sponsor and the rest of the PI leadership team as well as serve as the fiscal and administrative contact with the Division of Research.
Salary and Wage Charges on Sponsored Projects

- Policy #2320.080 procedures have been updated to clarify that all sponsored project proposal budgets must include the full fringe benefit rate applicable to each FIU employee on the budget.

- The policy indicates that all sponsored project proposal budgets must include the full fringe benefit rate applicable to each FIU employee on the budget. If the sponsor refuses to fund any fringe benefit costs, the PI's College or Department will be responsible for providing a funding source to the Division of Research for payment of the fringe benefits costs not paid for by the sponsor if the proposal is awarded.

- Additionally, a DOR Associate Vice President must approve any PI request to exclude full fringe benefits costs in a sponsored project proposal budget for any post-doctoral position with a six month or greater appointment.
Pre-Award Personnel Updates

- eICF Personnel Updates
  - Courtney Casci, Manager Pre-Award Programs is overseeing the eICF group and will become the programmatic contact for eICF issues once fully deployed.

- Trial eICF Deployment approach with Engineering and ARC has an embedded eICF Coordinator (Nathalie Sarmiento) full time at the Engineering Campus and a Senior Pre-Award Coordinator (Reyna Hernandez) on site three days a week.

- Proposals will be submitted on site after being approved by DoR

- BBC/SEAS eICF position is currently vacant and posted position is open through 10/27/11

- Two new eICF Coordinators will be joining the DoR team 11/1/11
**Pre-Award Personnel Updates**

**Pre-Award Coordinator Updates**

- Stephanie Mitjans has transitioned to the Research Development team in DoR.
- A new Coordinator will be joining DoR to replace Stephanie on 10/28/11.
Division of Research

Post Award Update

- **New Post Award Managers**
  - Diana Caraballo
  - Monica Rodrigo

- **Audits**
  - The Children’s Trust (TCT)
  - Environmental Protection Agency (EPA)
  - Inter-American Institute for Global Change Research (Flow Thru from NSF)
  - American Council on Education (ACE)/ Higher Education for Development (HED) (Flow Thru from USAID)

- **US Department of Justice (DOI) Memorandum**
  - Newly Enacted Conference Costs & Reporting Requirements
- **New Equipment (OCO) Threshold**
  - July 1, 2011 the equipment threshold was revised to $5,000

- **Payroll & Non Payroll Transfers**
  - Reasons why we should not be transferring costs
  - Timeliness of cost transfers

- **General Administrative & Clerical Costs should not be directly charged on Sponsored Projects**
  - Examples of Administrative & Clerical Costs: secretarial staff, receptionists, accountants, bookkeepers
  - Examples of General Administrative Costs: office supplies, postage, toner, copy paper, local telephone charges, subscriptions & memberships
