Responsible Conduct of Research (RCR): DIGITAL AGE

This RCR Digital Age workshop will provide participants with an overview on understanding internet research and the ethical concerns that arise from it. Furthermore, the participants will be provided with the fundamental basis on using internet research in particular with human subject data. The following areas will be covered: Pros and Cons of Internet Research, Applicable Regulations, Privacy Issues, Obtaining Informed Consent, Data Collection and Subject Recruitment.

Barbara L. Rodriguez, MBA
Associate Director, Research Integrity

Eliza Gomez
Office of Research Integrity

Friday, April 8th, 2016
12:30pm – 1:30pm
GC 277
