

Memorandum

To: University Research Community

From: Roberto M. Gutierrez
Assistant Vice President for Research
Office of Research and Economic Development

Subj.: NSF Electronic Systems Availability

Date: June 28, 2017

As previously announced by the National Science Foundation (NSF), the NSF is moving its Data Center IT servers to their new headquarters in Alexandria, Virginia during the period of June 30 at 8:00 PM EDT through July 4 at 6:00 PM EDT to prepare for the NSF relocation in August.

Please note that as a result of this relocation the NSF website, FastLane, and Research.gov will be unavailable from Friday, June 30 at 8:00 PM EDT until Tuesday, July 4 at 6:00 PM EDT. During this outage period, there will be no access to these websites, proposals cannot be submitted in FastLane, and project reports and other sponsor prior approval requests cannot be submitted in Research.gov. Previously saved information and uploaded documents in FastLane and Research.gov, including in-process proposals and reports, should be accessible after the Data Center move.

If you experience any issues with any of the above referenced NSF electronic systems after the move please contact the NSF Help Desk at 1-800-381-1532 or your Pre or Post Award representative (<http://research.fiu.edu/ored/staff-directory/>) at 305-348-2494 for further assistance.
