

IBC Topaz Elements Overview

This document provides guidance in the following areas:

- Creating an IBC Protocol Application
- Managing an IBC Application Request that has been returned for modification
- Creating an IBC Amendment, Renewal, or Interim Application
- Pre-submitting Protocols
- Copying Information from Another Protocol

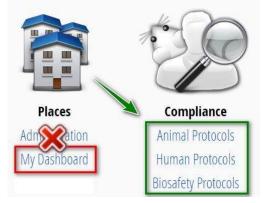

Please reference the Office of Research and Economic Development Topaz website found at: <u>http://research.fiu.edu/IBC/topaz/</u> for assistance logging into Topaz. The Topaz online protocol submission system is located at: <u>https://topaz.fiu.edu</u>.

If you encounter any technical issues (i.e., logging on, error message) please stop and contact <u>topaz-help@fiu.edu</u>.

Remember to **Save** often, especially after any changes are made to previously entered answers.

Creating an IBC Protocol Application

1. Once logged in to <u>topaz.fiu.edu</u> with your MyAccounts login information (i.e., Panther ID and password), select **Biosafety Protocols.** Do **NOT** select **My Dashboard**:

2. Select **Protocols** located under the Biosafety Protocols header (There is also a dropdown menu which can be selected to navigate to the Biosafety Protocols).

3. Select Create Original Protocol under the Protocols section:

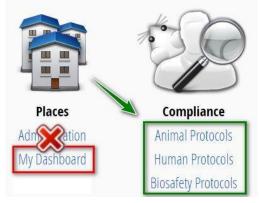

- **4.** Select the appropriate **Form**.
- 5. Populate required information for each section of the protocol request and select the **Save** icon (➡). Make sure to **save often**.
- **6.** The Required question filter icon ($\stackrel{\textcircled{}}{\clubsuit}$) on the Protocol Outline indicates the questions that must be completed prior to submitting the protocol application.
- **7.** The Unanswered question filter icon (2) on the Protocol Outline indicates the questions which have not been completed. (They are updated after completed and saved).
- **8.** The View Help icon (²⁾) appears in the upper right hand corner throughout select questions. Selecting this icon will provide helpful information for the particular question.
- **9.** The Add icon (*) appears in the upper right hand corner throughout select questions. Selecting this icon will provide a predefined list to choose information from.
- **10.** Select questions may require you to add staff from a predefined list. Select the (*****) icon and a list of staff will appear to choose from.
- **11.** Select questions may require you to add an attachment. Select the $(^{[U]})$ icon on those questions to add an attachment when necessary for completing the application.
- 12. Throughout the protocol application, there may be conditional questions indicated by a (1) in the outline and numbering sequence in either the outline or main panel (i.e. 1.10.1.1).

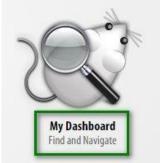

- 13. On select questions, you may see an E-signature icon (^{III}). Once this question has been populated and saved, the signature box will appear. Enter the currently logged in user's TOPAZ User Name (Panther ID) and Password.
 Note: The Assurance Statement e-signature question <u>must</u> be completed by the Principal Investigator.
- **14.** Select the **Save** icon (\square).
- **15.** Select on the **Submit** icon (^{sumt}) to submit the application.

Managing an IBC Application Request that has been returned for modification

 Once logged in to <u>topaz.fiu.edu</u>, select **Biosafety Protocols.** Do <u>NOT</u> select **My** Dashboard:

2. Select My Dashboard:

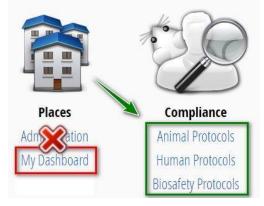

- 3. On the Dashboard, select a protocol request with status of "Returned for Modification."
- **4.** Select the Questions that require modifications by selecting the Summary Comments filter icon (¹) in the Protocol Outline.

- **5.** Each question requiring a review and possibly modification will have a yellow field containing the comment next to the question. After viewing the *Comment Summaries*, make the recommended modifications and select **Save**.
- **6.** Select on the **Submit** icon (^{sum}) to submit the application.

Creating an IBC Amendment, Renewal, or Interim Application

 Once logged in to <u>topaz.fiu.edu</u>, select **Biosafety Protocols.** Do <u>NOT</u> select **My** Dashboard:

- 2. Select **Protocols** located under the Biosafety Protocols header (There is also a dropdown menu which can be selected to navigate to the Biosafety Protocols).
- 3. Select the Application being created: Create Amendment Protocol, Create Renewal Protocol, or Create Interim Review Protocol:

- **4.** Select the protocol that you would like to use.
- **5.** Select the appropriate form.
- **6.** Complete the upper section of the application. If requesting changes, update the applicable lower sections of your application to reflect your proposed changes.
- 7. Select Save.

8. Select on the **Submit** icon (**Summ**) to submit the application.

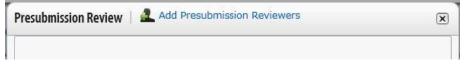

Pre-submitting Protocols

The pre-submission process allows other staff members besides the Core Team (PI, Co-Investigator, Author, Co-Author and Creator) to review the protocol application before formal submission. When a pre-submission reviewer is chosen, it allows the appropriate user read-only access to the application.

1. After you save your changes, you can select the **Presubmit** icon to allow the application to be viewed by a pre-submission reviewer(s):

2. The **Set Presubmission Reviewers** screen appears. Click the Select Staff Biosafety silhouette icon for a list of staff members:

3. Select the staff name(s) that will receive your pre-submission protocol and select the Add button to choose the staff names. After you have chosen all reviewers click OK.

aff	Quick Filter							
3	Last Name	First Name	Middle Name			Last Name	First Name	Middle Name
	Abilene	Reviewer	A					
	Admin	Admin						
	Alstone	Restech	A					
	Armstrong	Restech	в					
	Austin	Reviewer	A					
	Beasley	Investigator	A		Add >>	1		
	Bing	Vettech	A					
	Burns	Postdoc	В	1	<< Remove	1		
	Carter	Investigator	н					
	Colorado	Paulawar	N.					

4. The list of pre-submission reviewer(s) appears.

		· · · · ·	· · · · · ·	_
U	Austin, Reviewer A.	310topazu@topazti.com	512-123-4566	14
0	Galveston, Reviewer A.	301topazu@topazti.com	512-432-2222	1

5. To view a staff member's contact information and qualifications, select the information button:

Contact Information	Qualifications	
Name	52.000	EMail
Department		Office Phone
Location		Office Fax
Staff Number		Home Phone
Position Name		Cell Phone
Paper		Emergency Phone
Pager Instructions		Emergency Contact

a

		Close
6.	Select the close button	

the staff information screen.

7. Select the Delete button: to delete a staff name from the list, select the OK button to set staff names for your protocol review or select the Cancel button to cancel the reviewer selection process.

•	Abilene, Reviewer A.	312topazu@topazti.com	512-219-2317	
0	Austin, Reviewer A.	310topazu@topazti.com	512-123-4566

8. After you select the OK button, the Pre- Submission Reviewer email template appears. You will need to enter your email address in the space provided on the email message in order for the Pre-Submission Reviewer to be able to communicate his/her comments to you.

Copying Information from Another Protocol

It is possible to copy information from an existing protocol into in a new original application. This can be useful when you have a similar protocol that you would like to utilize for a new original submission. You can copy from a protocol that you're associated with, so long as it is classified as "not submitted", "submitted" or "approved".

Note: It is important that the copy be done prior to completing the questions in the new original application form. Otherwise, the information that you have already inputted into the new original application form will be overwritten with the information from your existing protocol.

- 1. Create an original application and select SAVE.
- 2. To copy the answers from another form, select the copy icon:

3. The copy dialogue appears indicating that all information from another protocol will replace all matching questions. To proceed with the copying process, click the OK button.

Copying answers from another protocol will replace ALL matching answers. Do you want to continue?

4. Be sure to scroll through the new protocol application to check the information that was populated. Update any information as needed.
