> Commencement April 28—May 2

**StartUP FIU** proudly invites you to its bi-annual **Pitch Day on May 1, 2018**! Please join us in witnessing this key milestone for our fourth Empower Accelerator cohort. The **Empower Accelerator Program** not only helps university faculty, staff and students, but also anyone from the community, to convert research and great ideas into scalable, viable businesses. By Pitch Day, our teams have vigorously completed the innovative 14-week Empower Accelerator program. Additionally, they participated in nearly 30 presentations and workshops, undertook critical mentoring and business advice and presented their required weekly deliverables in preparation for this pivotal day.

**StartUP FIU** is a university-wide initiative to foster and develop innovation and entrepreneurship that pursues opportunities in The Fourth Industrial Revolution. These opportunities include the development of breakthrough technologies, the pursuit of enterprises that close social or environmental gaps and the creation of companies that can create meaningful jobs of the future. One of its programs, the Empower Accelerator Program, is a 14-week accelerator program, consisting of a robust curriculum, critical mentoring and business advice, and weekly team deliverables. Each week of the program is based on a theme around which lectures and events are scheduled. Successful entrepreneurs from the Miami community provide mentorship to each team. Teams meet with their mentors on a weekly basis to discuss the strategies and skills needed to advance each team's vision. Those who successfully complete the program are given the opportunity to pitch their startups to potential investors in week 14.

## Awards Received—March 2018

FIU researchers were awarded \$7,622,492 in March 2018. Below is a listing of awards received:

\$50,000
\$125,000
\$25,000
\$14,000
\$14,735
\$24,484
\$17,217

Crowl, Todd Alan College of Arts, Sciences & Education Institute of Water and Environment National Science Foundation Increase	
Luquillo CZO: the role of hot spots and hot moments in tropical landscape evolution	\$66,411
<b>Eirin Lopez, Jose</b> College of Arts, Sciences & Education Biology National Science Foundation	
Initial RAPID: COLLABORATIVE RESEARCH: Interaction between genotype	\$102,022
Fernandez Lima, Francisco Alberto College of Arts, Sciences & Education Chemistry National Science Foundation Increase	
CAREER: Development of gas-phase, post-ionization structural tools	\$50,000
Fonseca, Brian Steven J. Green School of International & Public Affairs J Gordon Institute Public Policy & Citizenship National Institute of Standards & Technology Initial National Initiative for Cybersecurity Education Annual Conference	\$250,000
Furton, Kenneth G Academic Affairs - Other Units Provost and Exec VP Academic Affairs Office of Naval Research Increase	
Exploring the Effects of the Generalization-Discrimination Balance and Odor	\$40,000
Gaiser, Evelyn E College of Arts, Sciences & Education SEAS South Florida Water Management District Increase	
Periphyton and vegetation monitoring for the adaptive management of the Upper Taylor Slough	\$90,985
Gaiser, Evelyn E College of Arts, Sciences & Education SEAS Everglades Foundation	
Initial	* ·
FIU for Everglades Student Research Fund	\$15,000

Gan, Cheng-Tin College of Engineering and Computing Civil and Environ Engineering Federal Transit Administration Initial 2018 Update and Maintenance for Rural iNTD System	\$36,519
Garcia, Orlando J College of Communication, Architecture + The Arts Music Miami-Dade County Cultural Affairs Initial 2018 New Music Miami Festival	\$2,428
